Debtor's Amended Plan for Reorganization
for Small Business Under Chapter 11
Keith M. Scriven's Plan for Reorganization
Dated: January 16, 2023

Background for Cases Filed Under Subchapter V

- A. Description and History of the Debtor's Business
The Debtor is an individual. For more than twenty (20) years, the Debtor has been in the business of manufacturing jewelry and selling art. I am now completing the downsize of my real estate holdings.
- B. Liquidation Analysis
To confirm the Plan, the Court must find that all creditors and equity interest holders who do not accept the Plan will receive at least as much under the Plan as such claim and equity interest holders would receive in a Chapter 7 liquidation. A liquidation analysis is attached to the Plan as Exhibit A.
- C. Ability to make future plan payments and operate without further reorganization
The Plan Proponent must also show that it will have enough cash over the life of the Plan to make the required Plan payments and operate the debtor's business. The Plan Proponent has provided projected financial information as Exhibit B. The Plan Proponent's financial projections show that the Debtor will have projected disposable income (as defined by § 1191(d) of the Bankruptcy Code) for the period described in § 1191(c)(2) of \$4,978.37.
The final Plan payment is expected to be paid on July 11, 2027.

You should consult with your accountant or other financial advisor if you have any questions pertaining to these projections.
